

INFECTION CONTROL POLICY

To ensure that our House stays healthy, our policy states that you: Must be in good health upon entering the House; be able to verify that you have NOT been exposed to any illness within the past three weeks (i.e. flu, chicken pox, measles, whooping cough, etc.); have NOT personally had any illness symptoms in the past two days (fever higher than 100.4; vomiting; stiff neck or headache with a fever; diarrhea); have NOT been exposed to the flu or viral infection within the past week (runny nose, cough, congestion) and have NOT traveled to any areas with potential illness outbreaks within the past 14 days ([refer to the CDC for the most update list](#)). If you have answered yes to any of the above statements, please contact the Manager on Duty before you visit or come to volunteer as an individual or with a group.

IF YOU ANSWER YES TO ANY OF THE FOLLOWING QUESTIONS PLEASE LET THE HOSPITALITY DEPARTMENT KNOW RIGHT AWAY

Have you and/or any of your family members traveled internationally **within the past 14 days**?

(If YES, please contact Associate Director of Hospitality Services or the Director of Hospitality Services immediately before allowing access)
